RE: Kennecott Bingham Canyon Mine - UCD Modernization Bond

MESSAGE:

For your information, I have the new Affidavit of Qualification forms that are required to complete the Bingham Canyon bond. I will put them in the mail today. We have discussed the bond number situation with United States Fidelity and Guaranty Company, and they have agreed to correct the problem with an internal memo. The bond number will remain the same. Thank you for all of your help. Have a great weekend.
